What is my job?

I am excited to be part of the 5th grade team and begin my first year at Northwest Elementary! This will be my second year as an ESE teacher. I will be supporting students and teachers in the 5th grade. I will work with students who may have an Individual Education Plan (IEP) or need extra support in math, reading, writing, and/or social skills. I may also work with small groups of students in the class.

I will provide supports and services based on your child's IEP and individual needs. I will work collaboratively with the teachers to provide strategies and accommodations to help each child make progress toward their annual goals and be successful in the classroom.

Please feel free to email or call me with any questions or concerns. I am here for you! I look forward to meeting you! This will be an amazing year! 😊
